

**THE  
TURBOCHARGER**  
is a key component  
in the latest  
generation of  
diesel vehicles

### Expertise

**MAKTEST's** expertise in fuel injection controls and engine technologies enables it to produce world-class turbochargers for the automotive industry.

### Conditions

**TURBOCHARGER** working conditions are much tougher than before, considering Turbocharger speeds exceeding 200,000 rpm.

### Quality

**TURBOCHARGERS** are becoming more complex in terms of structure and control.

**Maktest TURBO**

*Which turbocharger should I buy for my car? Please ASK US:*

## About Us

Since its establishment in 1981, our company has been producing CR test equipment, HEUI test equipment, EUI injector and pump test equipment, mechanical test equipment and devices that can diagnose faults with close to one hundred percent accuracy, and has a dealer network that organizes its sales to the whole world.

Started the production of 9 types of turbochargers, which are modules of diesel vehicles and appeal to 68 different model vehicles with 1.3, 1.4, 1.5 and 1.6 liters.

## Technical Support

To get help from our technical support, simply contact us today. The expert technical team responds quickly to all service requests registered on the web page.

## Reach To Dealer

Maktest is located in İzmir, Turkey. We work with our authorized dealers to provide fast and perfect service in our sales, installation and after-sales services to the whole world. You can contact us via our website to learn about Maktest dealer near you.

### Universal Solutions

All makes injector and pump testing

### Maktest Warranty

Defect and malfunction coverage

### Always Up-to-date

Continuously develops software for better test results
